

**Service Provider Assessment–Translation and Interpretation****March 2021**

Assessment team: Jessica Lenz, Keri Baughman, and Ife Akinmade

Recommendation: We recommend that InterAction continues working with Intracom.

<b>Vendor</b>	<b>Notes</b>	<b>Rates</b>	<b>Recommendation</b>
<b>Intracom</b>	<p>InterAction first worked with translators/interpreters from Intracom during a visit to Honduras in December 2019. Since then, they have continued to provide Spanish and French translation and interpretation services to our team, both in person during a second visit to Honduras in February 2020 and remotely since then.</p> <p>We have an existing ToR with Intracom.</p> <p>The quality of work is excellent with quick turnaround times.</p>	<p>\$0.035 per written word translation in Spanish</p> <p>\$0.10 per written word translation in French</p> <p>\$25 per hour for simultaneous/consecutive interpretation in Spanish and for transcription services</p> <p>\$45 per hour for simultaneous/consecutive interpretation in French and for transcription services</p>	<p>Given their low rates, familiarity with Results-Based Protection specific language, and their positive track recording in providing high quality service, it is recommended that we continue working with this company.</p>
<b>Alta Translate</b>	<p><a href="#">ALTA Language Services   Translation Services, Interpretation, and Testing</a></p> <p>InterAction reached out to Alta Translate for translation and interpretation estimates. The rate per word for Spanish translation (our most frequently used service) is significantly higher than Intracom. In addition, an \$85 minimum per project would exclude the majority of services that InterAction requires, which are often short invitations, emails, PowerPoints, and other documents that may not always meet this threshold.</p>	<p>\$0.15 per word for Spanish written translation</p> <p>\$0.34 per word for French written translation</p> <p>\$85 minimum per project</p>	

<b>American Language Services</b>	<a href="http://alsglobal.net">Home - Home Page (alsglobal.net)</a>  InterAction reached out to American Language Services for estimates for Spanish translation and interpretation. The rate per word for Spanish translation (our most frequently used service) is significantly higher than Intracom. In addition, a \$95 minimum for projects would exclude the majority of services that InterAction requires, which are often short invitations, emails, PowerPoints, and other documents that may not always meet this threshold.	\$0.13 per word for Spanish written translation  \$0.16 per word for French written translation  \$95 minimum per project
